Safety Data Sheet 1525BR

1 Material and Supplier Indentification

Product Name:	Defoamer	
Description:	Defoamer	
Recommended use of the chemical and restrictions:	Use only for the purpose on product label. This product i prior dilution if specified on product label.	is not intended to be used without
Supplier's Information:	Brady Industries 7055 Lindell Rd Las Vegas, NV 89118 800-293-4698 (Customer Service)	
Emergency Telephone:	(800) 255-3924 USA (813)248-0585 International (Che	emtel 24 Hours)
2 Hazards Identification		
Classification of Mixture:	Not Classified	Pictogram
		No Pictogram
Signal Word:		
Signal Word: Hazard Statements:	WARNING	
lazaru olalemento.	May cause skin and eye irritation.	
Precautionary Statements		
General:	Keep out of Reach of Children. Read label before use.	
Prevention:	Wash hands thoroughly after handling.	
Response:	IF ON SKIN: Take off contaminated clothing and wash b water. If skin irritation persists: Get medical attention. IF IN EYES: Rinse cautiously with water for several minu present and easy to do. Continue rinsing. If eye irritation IF INHALED: Remove person to fresh air and keep com- persists, call a Poison Center or get medical attention. IF SWALLOWED: Rinse mouth. Do NOT induce vomiti immediately.	utes.Remove contact lenses, if persists: Get medical attention. fortable for breathing. If problem

CAS Number

Concentration Range %

4 First Aid Measures	6
Eye Contact:	Flush eyes with water for 15 minutes. Remove contact lenses if any.
Skin Contact:	Contact with concentrate may be an irritant to sensitive skin. If spilt in large areas of skin, rinse immediately with water and remove clothing. Wash skin thoroughly with soap and water.
Inhalation	If discomfort is experienced after prolonged exposure to vapours, move person to fresh air. Get medical attention if irritation persists.
Ingestion:	Get medical attention immediately. Rinse mouth with water. Do NOT induce vomiting. Drink glass of water to dilute product.

5 Firefighting Measures	
Suitable Extinguishing Media:	Water spray, normal foam, dry agent (carbon dioxide, dry chemical powder.)
Specific Hazards arising from the Chemical:	In a fire or if heated, a pressure increase will occur and the container may burst. Combustion products may include and are not limited to nitrogen oxides, carbon monoxide, and carbon dioxide.
Specific Protective Equipment and Precautions for Firefighters:	Firefighters should wear NIOSH approved self-contained breathing apparatus and protective clothing. If safe to do so, remove containers from path of fire. If involved in a fire, keep containers cool with water spray.

6 Accidental Release Measu	dental Release Measures	
Emergency Procedures:	Keep area clear of personnel until area has been properly cleaned.	
Personal Precautions/ Protective Equipment:	Slippery when spilt. To avoid accidents, clean up immediately and shut off source of leak, if safe to do so. Wear appropriate protective equipment to prevent any contamination of skin, eyes, and personal clothing. Provide sufficient ventilation.	
Environmental Precautions:	If contamination of sewers or waterways has occurred, advise local emergency services.	
Methods for Containment and Cleaning Up:	Contain spill with absorbent (soil, sand, or other inert material) or spill kit to prevent contamination of sewers or waterways. Neutralization agent is not recommended within building, as toxic vapors may be omitted. Properly dispose of used absorbents in accordance with local, state, and federal regulations.	

7 Handling and Storage	
Precautions for Safe Handling:	Avoid skin and eye contact, inhalation and ingestion. Wash hands thoroughly after use. Keep out of reach of children.
Conditions for Safe Storage, Including an Incompatiibiities:	Store in cool, dry place and out of direct sunlight. Store away from source of heat or ignition. Do not mix with other chemicals. Keep container closed when not in use, and check regularly for leaks.

See Section 10 for incompatible materials.
